01

Since April 2018, Hainan has been advancing the construction of a free trade port with the strong support from the central government of the People's Republic of China. As China's largest special economic zone, largest free trade pilot zone and only free trade port with Chinese characteristics, Hainan is committed to building into a comprehensive deepening reform and opening up pilot zone, a national ecological civilization pilot zone, an international tourism consumption center, and a major strategic service guarantee zone.

Excellent Location and National Policy Support

Hainan Province as a tropical island at the southernmost of China is a charming island full of vitality and opportunity with the most preferential policies and the highest degree of openness in China.

Hainan will implement investment and trade liberalization and facilitation, implement special taxation policies, and create special areas for customs supervision with international competitiveness and influence. Until now, the number of market entities has grown rapidly from 610,000 to 940,000, including 28 Fortune 500 companies.

Hainan has comprehensive transportation systems that link to the world. At present, there are 103 international routes serving 62 major cities overseas.

Hainan 59 Country Visa-Free Entry Policy

Travelers from the 59 visa-free entry eligible countries may travel from or through Hong Kong or any other places outside Mainland China with a direct flight to Hainan. The maximum length of stay for visa free travelers in Hainan is 30 days. Travelers who need to travel to other parts of China must apply for a visa.

WHY do the International students study at **USY?**

Hainan is proud of its excellent ecological environment. The climate is pleasant all year round, with plenty of sunshine, fresh air and pure water. Its annual average temperature is 23-26 degrees Celsius (73.4-78.8 degrees Fahrenheit), the annual air quality days account for more than 99.8%, and the forest coverage rate reaches 62.1%.

Hainan is an internationally renowned tourist destination. As China's only tropical island, Hainan's tourism resources are extremely rich-1944 kilometers of coastline, 68 wonderful bays, 81 mountains above 1,000 kilometers, more than 280,000 acres of national forest parks, more than 70 Natural hot spring.

WHY do the International students study at **USY?**

University of Sanya is in the northeast part of Sanya. Sanya is the only city in China that can enjoy a tropical rainforest and ocean scenery at the same time. The city is surrounded by mountains on three sides, and the three beautiful landscapes of mountains, the sea, and rivers merge naturally. Many of its hilltops also offer views of the sea, river bay, and urban landscape. The natural scenery and excellent ecological environment make Sanya a paradise for daily living, travel, and vacations. The city has won the titles of "National Ecological Demonstration Zone", "National Garden City", "National Health City", and "China Habitat Environment Award".

Traffic in Sanya is convenient: taxi, bus, tramcar, online car hailing, sharing bike.

FROM USY BY CAR

- to the beaches, around 30-45 minutes
- to the Phoenix Airport, around 30 minutes
- to the railway station, around 20 minutes
- to the downtown, around 30 minutes
- to the largest supermarket downtown, around 30 minutes

It takes 1h40 minutes to travel from the south end to Haikou, the capital city of Hainan Province by train.

WHY do the International students study at USY?

Industry-driven

USY is Established and sponsored by Zhejiang Geely Holding Group (Geely) which is a Chinese technology conglomerate that specializes in automobiles. Geely ranked No. 243 in the Fortune Global 500. With the strong support from Geely in its industrial and educational chains and platform resources, USY has come into deep cooperation with Jingdong, Transfer, Alibaba, SAXO-Bank and other leading enterprises in the fields of online shopping platform, cross-border e-commerce, logistics, financial service, etc. USY co-builds 10 industrial institutes with these leading enterprises. These industrial institutes help to realize the interactive turning from educational link to industrial one, and vice versa.

01

Digitalized

Geely Education under Geely Holding Group develops Xinwei. Guided by “education tailored for each individual”, Xinwei is an online learning platform prioritizing user needs and connecting with premium education resources. It explores innovative educational and pedagogical methods, and leverages digital technology to craft personalized learning solutions for learners.

02

Practical and innovative

USY has built a cluster of eight “Exploratory Labs/Centers” which are used by the famous Chinese and foreign for their workstations as well as the academic staffs for the scientific researches and their application. The elites from the related industries and businesses are also invited to have their teaching and experiments there. The students make good use of the labs or centers under guidance to experiment, practice, innovate, test, and apply the learned knowledge.

03

Internationalized

So far, USY has established partnerships with more than 90 universities or colleges in England, Canada, Switzerland, Russia, U.S.A., Germany, Spain, Italy, Korea, France, Malaysia, Indonesia and Japan etc. Since 2017 to 2023, USY has hosted five sessions of the Forum for ASEAN-China Private Higher Education Development and Cooperation. In December 2018, the “China—ASEAN Private University Alliance” (ACAPHEI) initiated by USY was officially launched at Sanya. The Forum and the ACAPHEI win the support of the ASEAN-China Center(ACC), the Southeast Asian Minister of Education Organization Regional Center for Higher education and Development (SEAMEO RIHED), the Department of Education of Hainan Province, the Government of Sanya City and China Association for Non-Government Education. USY has provided degree and language training programs for international students since 2011.
